

Pitch Set; Pitch-class Sets, and Set Classes

Below is a pitch-set--a group of pitches that have been segmented (separated from others into a collection which the ear hears "as a group")

This pitch set belongs to pitch-class set $\{0,4,6,7\}$ in normal form.

Pitch-class set $\{0,4,6,7\}$ in normal form belongs to set class (prime form) (0,1,3,6)
